

Ziggurat Vineyard Tour

Luxury Cycle Tour taking in the finest vineyards of Surrey, Kent and Sussex.

With the prospect of International Travel still unclear for the rest of the year we have designed a UK based alternative for this year's Ziggurat event. We have kept the theme of Ziggurat consistent and have based the route around some of the finest English Vineyards rather than the champagne region of France. Each day is punctuated with a separate vineyard stop off and the event concludes with a private wine tasting tour of Denbies Vineyard. Staying in the UK has allowed us to design a unique Ziggurat event unlike any of the previous additions, with numerous experiential highlights and extras serving to lift the event experience and make it a truly unforgettable ride.
